

# CONNECT DURING COVID

WNHF Bi-Weekly Newsletter | Volume #1 | Issue #12 | September 17, 2020

## **GALA 2020: MASKERADE**

October 10, 2020, 7:00pm - 8:00pm.

**TODAY IS THE LAST DAY TO RSVP IF YOU WANT CATERED FOOD FOR YOUR WATCH PARTY.** If you miss the deadline, no worries! You still have until Friday, October 2 to purchase single tickets or parties of two. You can also purchase add-ons until October 2 (i.e. cinnamon rolls for the next morning, Matt Berthot singing at your home, and more)! Add-ons will be available beginning September 18. Find more info on page 3

## **MESSAGE FROM THE DIRECTOR**

It is an understatement to say that this has been a tough year for everyone, which is why we still wanted to have our annual Gala to look forward to. We are excited to connect with as many of you as possible for this year's virtual Gala on Saturday, October 10—we will miss you very much in person. Since this is the first year we have used an online platform, we are still learning as we go. We appreciate your patience during this interesting time. Please feel free to call or email Brittney or myself any time with questions or concerns about using the online platform to order tickets, add-ons, etc.

—we are here to serve you!

*Annika Morris*  
Annika Morris, WNHF Director

## **UPLIFTING NEWS**

**On the Cover: Left:** Mary Beth Petrick, dietitian, shows off her new portion plates, diabetes cookbooks, and food counters that she purchased with her mini grant. These items assist her patients in understanding how to navigate through their new diet and way of life.

**Right:** Kathy Kiene, occupational therapy, donated 12 new, wipeable pillows to replace old or missing pillows on 2East. Thank you, Kathy!

## **CURRENT FUNDING NEEDS**

- + Bicycle helmets for ER—\$300
- + SANE camera—\$29,000
- + Food for staff—Call Brittney to coordinate
- + 70% tax credits for the cath lab are still available! We have \$12,547.70 remaining. Contact Annika or Brittney if you're interested.

## **UPCOMING EVENTS**

- + Physician Lunch & Learn - October 1, 2020, 12:15pm - 1:00pm. Learn about our new service line, William Newton Interventional Radiology, and meet Dr. S. Kumar Reddy. See page 4 for more info.

# WILLIAM NEWTON HOSPITAL EXPANDS ORTHOPEDICS, SPORTS MEDICINE

The roster of surgeons at William Newton Hospital in Winfield has been growing in connection to the recent expansion of the H. L. Snyder Medical Foundation Surgery Center. "The surgery center expansion furthers our vision to increase access to specialty care in the communities we serve," William Newton Hospital CEO Ben Quinton stated. "William Newton Hospital has become the most comprehensive and advanced in surgical care in our four-county service area."

## WILLIAM NEWTON ORTHOPAEDICS

In the fall of 2019, William Newton Hospital partnered with Advanced Orthopaedic Associates, PA, the largest orthopedic group in Wichita, to open William Newton Orthopaedics located at the Winfield Healthcare Center.

**Kenneth Jansson, MD**, board certified by the American Board of Orthopedic Surgery with a subspecialty in orthopedic sports medicine, was the first to hold clinic hours at the office and specializes in knee surgery. He is also the director of orthopedic sports medicine for Via Christi Health Systems. Dr. Jansson sees patients in Winfield on Fridays.

Shortly after, **Phillip Hagan, MD**, board certified by the American Board of Orthopedic Surgery, began seeing patients at William Newton Orthopaedics every other Wednesday. He specializes in shoulder surgery and sports medicine.

In June, William Newton Orthopaedics added a third specialist from AOA, **Harry Morris, MD**. Board certified by the American Board of Orthopedic Surgery with a subspecialty in hand surgery, Dr. Morris is also a clinical assistant professor at the University of Kansas School of Medicine Residency Training Program. He visits Winfield one Wednesday per month.

**Thomas Hendricks, MD**, is board certified by the American Board of Orthopedic Surgery in general orthopedic surgery (part 1). Dr. Hendricks began seeing patients at the Winfield Healthcare Center in July and specializes in total joint reconstruction and revision including hip and knee. He will begin performing surgeries at WNH in October.

## WILLIAM NEWTON FOOT & ANKLE

Last December, the providers and staff at Walnut Valley Foot Specialists became part of the William Newton Hospital network of clinics forming William Newton Foot & Ankle.

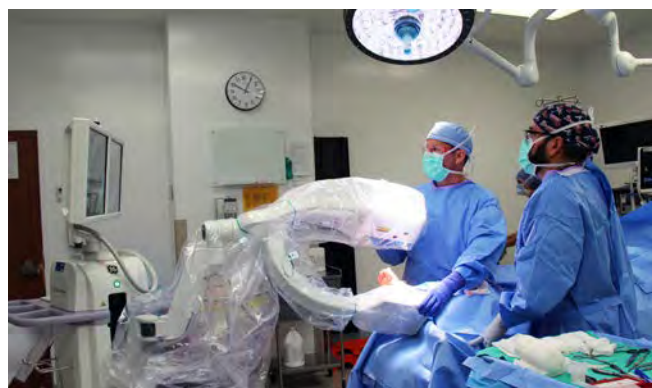

**Thomas Lyman, DPM**, started practicing in Winfield in 2014. Two years later, **Anthony Elliott, DPM**, joined the practice. Located at the Physicians Pavilion, William Newton Foot & Ankle offers nonsurgical and surgical solutions ranging from orthotic arch supports, injections and shockwave therapy, to reconstructive foot and ankle surgery.

As the region's only full-time practicing podiatrists, Drs. Lyman and Elliott serve Cowley, Sumner, Chautauqua, Elk, Harper, and Kay counties. An outreach clinic is also offered in Wellington at Sumner County Family Care Center.

## NEW EQUIPMENT

To improve the efficiency of cases, new state-of-the-art equipment was purchased in August. The hospital added a GE Elite OEC MiniView C-Arm with radiographic capabilities. It is used during surgical and orthopedic procedures. Operated by the surgeon, the imaging equipment improves efficiency and safety. It uses less radiation, protecting patients and staff, and saves approximately 20 minutes per case. Lindsey King, RN, operating room manager, discussed another benefit, "The mini c-arm allows us to have imaging immediately available without interrupting the radiology schedule." Of the surgery center expansion, King said having operating rooms closer to the post-anesthesia care unit has enhanced patient care. "It's helped us become more efficient with our surgery schedule. Patients are now recovering within the surgery center, which helps with patient safety and privacy." She added the outpatient infusion clinic has grown since moving into the surgery center. "Being in this new space allows us to accommodate these patients' needs so they don't have to drive to Wichita for treatment."

Each of these physicians is accepting new patients. For William Newton Orthopaedics, call 620-222-6249 and for William Newton Foot & Ankle, call 620-221-4443. Find more information at [www.wnhcares.org/staff](http://www.wnhcares.org/staff).

*Above: Dr. Lyman uses the new mini c-arm during a foot surgery. Dr. Lyman commented during surgery that having the imaging equipment in the room not only saves time during each case, but limits the amount of people needed in the room and improves flow and communication during surgeries.*

# WILLY'S CARE CAB UPDATE

Branding is done (thanks to Cardinal Sign LLC) and we only have a few more things to check off before we can start offering a safe shuttle option around campus for our patients. Stay tuned for more updates!

## PTO DRIVE

WNHF is currently hosting a PTO Drive offering employees an opportunity to give extra or unused PTO in the form of a donation to the foundation. This year's goal is 500 hours of PTO. The drive started today, and in just two hours employees gave 250 PTO hours! Stay tuned for the final tally!

## THANK YOU, JUDY!

In May, **Judy Hefley** donated a new laptop and a laptop cart for use in the pain & eye clinics. The laptop cart arrived earlier this month and Judy stopped by to help place the plaque. The cart is now in use

and is greatly appreciated by nurses like **Shirley** and **Susan**. Thank you, Judy, for your wonderful donation and for making the work day a little bit easier for our team!

GALA 2020

# masquerade

A VIRTUAL EXPERIENCE

# 10.10.2020

*Seven to eight o'clock in the evening*  
FROM THE COMFORT OF HOME
