## MESSAGE FROM THE HERITAGE SOCIETY

My name is David Andreas. I am a member of the Heritage Society at William Newton Healthcare Foundation for 2 reasons. First, I believe in the importance of William Newton Hospital.

**David Andreas**  
Heritage Society member  
& Winfield lawyer

- + I was born at this hospital.
- + My 2 kids were born at this hospital.
- + My son was stitched up at this hospital.
- + My mother's life was saved during the delivery of my sister at this hospital.
- + My father received emergency care and cancer treatments at this hospital.

Who hasn't been touched in some way by William Newton Hospital? Who can argue it is not vital to our community?

Second, I believe in the importance of planned giving.

As an attorney, estate planning is a part of my law practice.

A "planned gift" is a gift decided on now and to be made in the future. It is easy. You can ask your lawyer to include a provision in your will or trust to give a certain dollar amount or percentage of your estate to the William Newton Healthcare Foundation.

Or you don't even need a lawyer. You can set up a bank account "payable on death" to the foundation, or can designate the foundation as a beneficiary under a life insurance policy. And it needn't be the sole beneficiary – specify 5% or 10% to the foundation, and the balance can be left to your spouse and/or children.

You make no cash donation or asset transfer now. Rather, it occurs upon your death and in accordance with your plans.

Again, it's easy. It's no cost. It's important. Like the Nike commercial says "Just Do It". Thank you for your support!
