## Construction Update

We have some hard hats on hand, if any of you would like to view the progress; just call our office to make an appointment. Here are some recent updates from Les McDarty, Director of Plant Operations.

- ▶ This week weather challenged our outdoor forward progress activities somewhat, however, progress did continue. Concrete forms were removed from the OR exterior walls. Concrete forms will lift to the next level on top of the new walls. Concrete pumping to build new walls will complete within two weeks
- ▶ Construction work on the new Central Supply warehouse continues. Concrete masonry wall installation will complete this week. Steel bar joists roofing supports installation continues and metal roof decking has begun
- ▶ PACU temporary location progress this week included painting of the walls, installation of new additional electrical circuitry and flooring. This area is projected to be ready for occupancy by the end of March.

## Fun Foundation Facts:

- ▶ WNHF Facebook has 896 likes (increased by 10 since March 1st)
- ▶ WNHF has 212 email addresses in our database
- ▶ WNHF has over 2,800 donors in our database
